

## Teaching Portfolio by Age Range for Public School

I have taught professionally since 1997, in 2016 that is 20 years - 13 abroad. I am primarily employed in the supervision and training of adults and have been for 25 years (since 1992). I regularly take positions as a public / private school instructor as I normally train inservice teachers. This is an accounting of those positions.

### Early Childhood / Pre-Kindergarten / Kindergarten (18 months to 5 years old)

Years	Dates	Country		
0.5	2013	Vietnam	<p>During this year, I worked part-time at a private school teaching phonics through Language Arts to children, 2-4 years old.</p> <p><i>Jeff's flare for Language Arts and what he calls 'old schooling' lessons were his strongest skills. He was extremely popular with our youngest learners and their parents.</i></p> <p><i>Cambridge Director of Studies : 2013</i></p>	
2	2011 - 2012	Malaysia	<p>During my 2 years as a District Supervisor in Malaysia, I regularly taught, co-taught and trained teachers for the Malay Kindergarten program (KSSR). This program looped children from 3 to 5 years old.</p> <p><i>Jeff's versatility was impressive. He would literally lead a graduate class in research statistics, successfully teach reading and phonics to 50 4 year olds and then coordinate a workshop on Interactive Fiction with 500 participants in a single day.</i></p> <p><i>Johor Bahru Ministry of Education : 2011</i></p>	
1	2007 - 2008	Japan	<p>During my year as a teacher in Japan, I regularly taught small groups of children from 18 months to 5 years of age ESL.</p>	
2	2004 - 2005  2008 - 2009	Korea	<p>During this time frame I held the same job at the same school, twice, 5 years apart. I regularly taught Sciences in the Kindergarten program of a private school in Korea. Students were 3 to 5 years old.</p> <p><i>Jeff is one of the most resilient, adaptive and innovative teachers I have trained. While many of the staff never fully understood what he was doing, his results were unquestionable. He excelled with low-motivation, difficult to engage students and quickly became the most requested teacher (by parents) for challenging 10-14 year olds.</i></p> <p><i>Head of Foreign Staff : 2004</i></p> <p><i>Jeff's strengths are in classroom management of low level, low motivation, low engagement learners. He excelled with cooperative and co-teaching assignments and assisted with the training and orientation of all new teachers.</i></p> <p><i>Head of Korean Staff : 2009</i></p>	

## Elementary School (Grades 1 to 6)

Years	Dates	Country		
0.5	2014 - 2015	China	During my 6 month contract in China I provided cover / substitute teaching for Elementary Maths.	
2	2013 - 2014	Vietnam	<p>During my 2 years in Vietnam (1 in Hanoi and 1 in Saigon) I taught full classes of children at the upper range of elementary school. I taught Cambridge CIE Maths, Sciences, English (not ESL) and ICT.</p> <p><i>Jeff's presence as a teacher was received with great acclaim by students and parents. Despite the most trying of conditions (1 explosion, regular power outages) Jeff always delivered what he said he could. Jeff's skills in all things IT are remarkable and the school enjoys a substantial legacy from his contributions to the online platform, student grades and record keeping.</i></p> <p><i>Hanoi Director of Studies : 2013</i></p>
